

## **Course Description for Knowledge: Contested, Contextualized, Confirmed**

**Name of Institute:** Symbiosis School Of Liberal Arts

**Course Name:** Knowledge: Contested, Contextualized, Confirmed

**(UG/PG):** UG, Elective

**Number Of Credits:** 4 (60 Hrs)

**Level:**

### **Course Description:**

This course is designed to help the reflect systematically and with greater self-awareness, on the historical and cultural origins of these epistemological contestations, by framing our discussions within a series of shifts in knowledge paradigms/models. These shifts occurred with the birth and growth of modernity, displacing individuals and societies from religion-centred, traditional knowledge paradigms that had sustained their worldviews and ways of life, ushering in what is called a scientific worldview.
